## 2. COMPOSITION / INFORMATION ON INGREDIENTS :

### Product description

emulsions with fatty alcohols based on variable viscosity , containing surface active cationic agents.

## 3. HAZARDS IDENTIFICATION

### Information concerning:

The continuous exposure for professional reasons to detergent agents as ( soap – shampoo – liquid detergents ) might cause a gradual impoverishment of the hydrolipidic mantle as well as the horny layer of epidermis.

The impoverishment of this barrier being more exposed towards external agents might be the cause of skin lesions.

In this conditions the manipulation of other substances, normally used during the practise of the profession done without the proper precautions may cause an allergy that in the long run could bring to more serious irritation forms.

## 4. FIRST AID MEASURES

### In case of eye contact:

- Irritant substance in case of eyes contact ; take contact lenses off if used , irrigate copiously with fresh water.  
If irritation persists consult a specialist.

### In case of skin contact:

- Wash immediately with plenty of water. If irritation persists seek medical attention.

### In case of ingestion :

- In case of ingestion of considerable quantity of product, please consult the nearest Anti – Poison Center.

### In case of inhalation:

- In case of inhalation move to fresh air . If irritation persists consult a doctor.
